

Extravaganza pre-entry information

As of Monday Aug 19 we have 17 days to the deadline for pre entries to the Stock Car Extravaganza scheduled for September 29th. The reason this date is important is we need 20 entries in the Thunder Car, Pro Comp and Factory Stock classes in order to have the 150 lap Thunder Car feature, the 100 Pro Comp feature and the 50 lap Factory Stock feature which will pay \$1500, \$1000 and \$500 to win respectively. We also need 10 pre entries in the Crown Vic class in order to have the 50 lap feature paying \$500 to win. A complete payoff for each division is available on the Mt Lawn website. The total purse for the event alone is over \$13000.

Some possible participants are asking the reason we are requiring for pre entries for this event. In order to pay the sizable purse we need to be able to advertise and promote the event. We need to show the fans what they are going to see on the 29th. If we don't get the necessary pre entries in a given class then that class feature will be standard length feature paying a standard purse. It is very simple if we don't get the required pre entries by September 4th then the big payoff race that many are looking forward to goes away.

To make it easier for some to pay we have put a PayPal link on the website so you can pay for your entry with PayPal or a credit card. If you use paypal you need to send an email to: rick@mtlawn.com with your entry information. Be sure to include your address so if we do not get the required number of entries by Sept 4 your entry fee can be returned to you.
